Re: Orlando Letelier

Dear Tomas:

About a week ago Mr. McMahon heard a radio interview with some of the people at the Institute for Policy Studies. They stated on the radio that the Assistant U.S. Attorney in charge of the Letelier case told them that he has the name of the DINA official who ordered the murder of Letelier and that he has the name of the DINA officials who came to Florida to meet Hector Duran.

I am completely out of touch with Eugene Propper. He has not contacted me in several months; I have not contacted him. Did the Ambassador wish me to follow-up on this matter?

Cordially,

EDMUND PENDLETON
